For Gary

“That’s the thing about Gary—you could just call him up, and he’d come over. He’d shoot anything, and I mean that in the nicest way.”

—Allan Arkush

“Gary probably has one of the most unique careers in Hollywood history. To go back and forth like that, and the fact that he worked with some of the best and alleged worst directors. I can’t think of anyone in Hollywood who’s done that.”

—David Konow

“I’ve directed about twenty feature films, and I’m sure you’ve never heard of any of them.”

—Gary Graver
